

Office of the Attorney General
Washington, D. C. 20530

February 27, 2025

Dear Director Patel,

Before you came into office, I requested the full and complete files related to Jeffrey Epstein. In response to this request, I received approximately 200 pages of documents, which consisted primarily of flight logs, Epstein's list of contacts, and a list of victims' names and phone numbers.

I repeatedly questioned whether this was the full set of documents responsive to my request and was repeatedly assured by the FBI that we had received the full set of documents. Late yesterday, I learned from a source that the FBI Field Office in New York was in possession of thousands of pages of documents related to the investigation and indictment of Epstein. Despite my repeated requests, the FBI never disclosed the existence of these files. When you and I spoke yesterday, you were just as surprised as I was to learn this new information.

By 8:00 a.m. tomorrow, February 28, the FBI will deliver the full and complete Epstein files to my office, including all records, documents, audio and video recordings, and materials related to Jeffrey Epstein and his clients, regardless of how such information was obtained. There will be no withholdings or limitations to my or your access. The Department of Justice will ensure that any public disclosure of these files will be done in a manner to protect the privacy of victims and in accordance with law, as I have done my entire career as a prosecutor.

I am also directing you to conduct an immediate investigation into why my order to the FBI was not followed. You will deliver to me a comprehensive report of your findings and proposed personnel action within 14 days.

I appreciate your immediate attention to this important matter. I know that we are both committed to transparency for the American people, and I look forward to continuing to work with you to serve our President and our country.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Bondi", is written over the printed name "Pamela Bondi".

Pamela Bondi
Attorney General

This image is a high-contrast, black and white scan of a document page. It is characterized by a dense, grainy texture of black and white pixels, which appears to be noise or a very poor quality scan. In the upper right quadrant, there are some faint, illegible shapes that might be remnants of text or graphics, but they are not discernible. The overall appearance is that of a corrupted or heavily degraded scan of a document.

Briatore, Flavio

THE

Figure 1 illustrates a two-stage, two-dimensional, multi-processor architecture. The diagram shows a central 'Data Path' block connected to a 'Control Path' block. The 'Data Path' is further divided into 'Data Path 1' and 'Data Path 2'. The 'Control Path' is divided into 'Control Path 1' and 'Control Path 2'. The 'Data Path' and 'Control Path' are connected to a 'Memory' block. The 'Memory' block is connected to a 'Processor' block. The 'Processor' block is connected to a 'Controller' block. The 'Controller' block is connected to a 'Host' block. The 'Host' block is connected to a 'Network' block. The 'Network' block is connected to a 'Storage' block. The 'Storage' block is connected to a 'Display' block. The 'Display' block is connected to a 'User' block. The 'User' block is connected to a 'System' block. The 'System' block is connected to a 'Power' block. The 'Power' block is connected to a 'Ground' block.

The image is a dark, high-contrast scan of a document page. It appears to be a photograph of a physical document, possibly a book or a folder, given the visible binding on the left side. The page itself is mostly black, with some faint, illegible markings and a small, light-colored rectangular area near the top center. The overall quality is poor, with significant noise and artifacts.
